SEMI-POLITICAL MOVEMENT READY FOR LAUNCHING AT CHICAGO.

Platform Which Will Be Presented to the Federation-Many Reforms to Be Demanded.

CHICAGO, Sept. 15 .- A movement for enlisting the hosts of workingmen throughout the United States into a semi-political organization has been launched in this city, says the Post. A platform said to embrace the economical and political ideas of labor leaders and covering the whole labor situation has been prepared and will be presented first for approval next week before Chicago Federation of Labor.

It favors the right of recalling representatives who are out of touch with voters. Relief from the trusts is suggested in the plan for "the passage of an amendment to the prac-Smock; Shadeland, E. W. Vigilance committees in every State and large city are favored to see that the laws are impartially administered.
